IDENTITY ' 26 HACKATHON PROJECT

Client Details

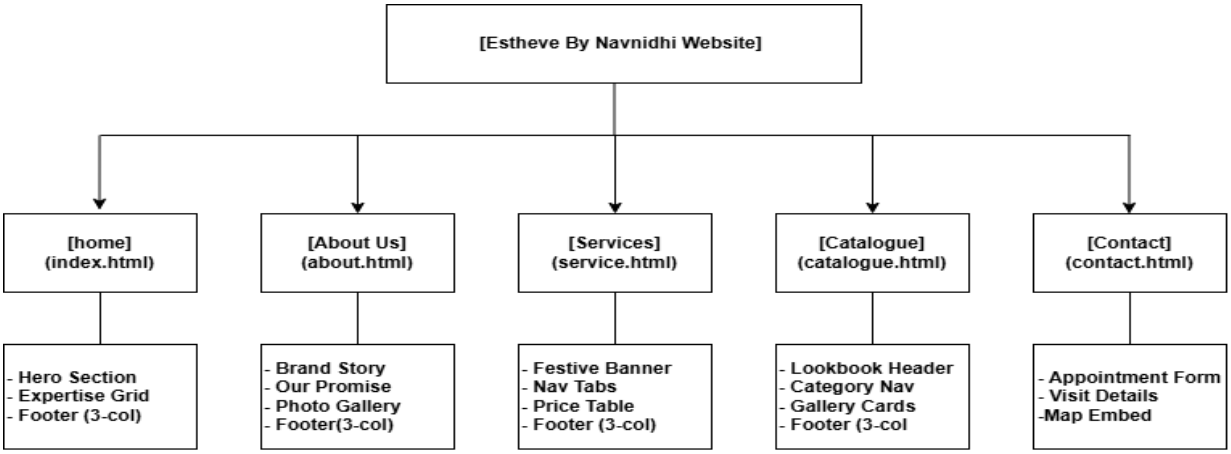

- **Business Name:** Estheva by Navnidhi
- **Owner / Representative:** Umesh Jadam & Shikha Jadam
- **Business Type:** Luxury Salon & Beauty Care Provider
- **Location / Address:** Opposite B.K. Kaul Nagar Post Office, Dayanand Colony, Ramnagar, Ajmer, Rajasthan 305001
- **Current Online Presence Prior to Project:** Active local presence and Google/social listings, but no official multi-page website.
- **Project Scope:** Building a 4+ page responsive website (Home, About, Services, Catalogue, and Contact) using pure HTML5 and CSS to showcase their services, lookbook, and contact details

Client Interview

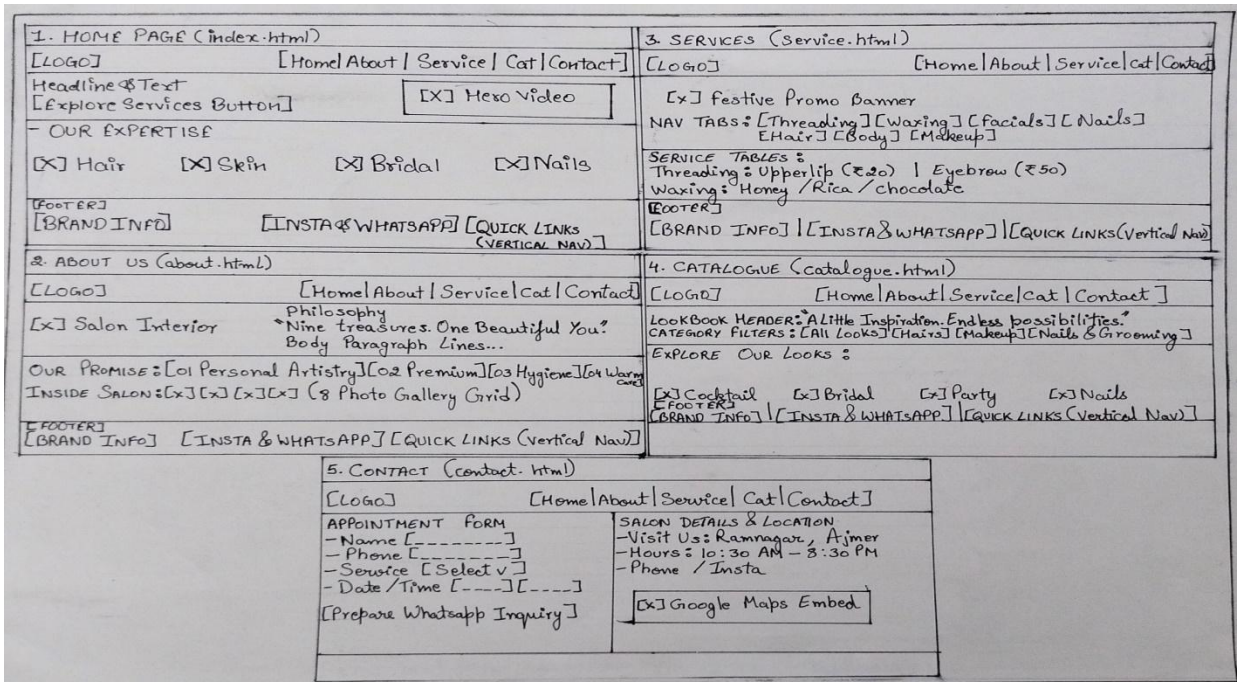

1. **What is the main goal of building a website for your salon, and how will it help your local clients in Ajmer?**
   - *Our goal is to give our clients an online space where they can easily explore our full list of beauty, hair, and bridal services with transparent pricing, view our lookbook catalogue, and contact us directly without having to visit the salon just to ask for menu details.*
2. **What is the primary branding identity, color scheme, and atmosphere you want visitors to feel when they open the website?**
   - The color scheme pairs deep maroon and burgundy with warm cream neutrals and gold accents. It immediately conveys an atmosphere of quiet luxury, warmth and high-end personal care as soon as visitors arrive.
3. **What are the most important pages or sections your customers look for when they search for a salon online?**
   - *Customers always look for our service menu and pricing first, followed by our styling lookbook/catalogue for weddings and parties, our location and opening hours, and a quick way to book appointments or chat via WhatsApp.*
4. **Do you require complex backend features like online payments or user login accounts on the website?**
   - No, we do not need complex user logins or online payment gateways. A simple, mobile-friendly informational site with direct click-to-call, email links, and a prefilled WhatsApp inquiry button works best for our salon operations.

5. **How will clients find your physical location in Ajmer if they want to walk in for an appointment?**
   - The website must clearly display our full address in Panchsheel Nagar (Ajmer), our daily opening hours (10:00 AM to 8:00 PM), and include an embedded Google Map so clients can easily find driving directions from anywhere in the city.

Color & Typography Choices

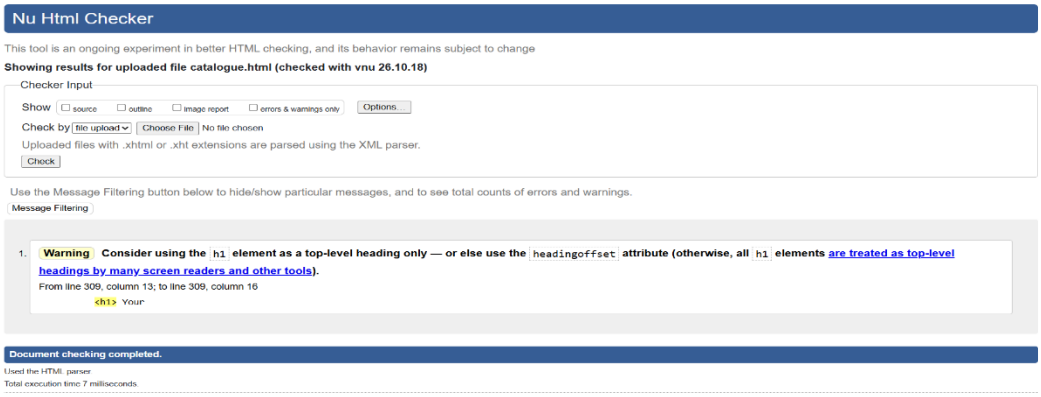

1. Color Palette

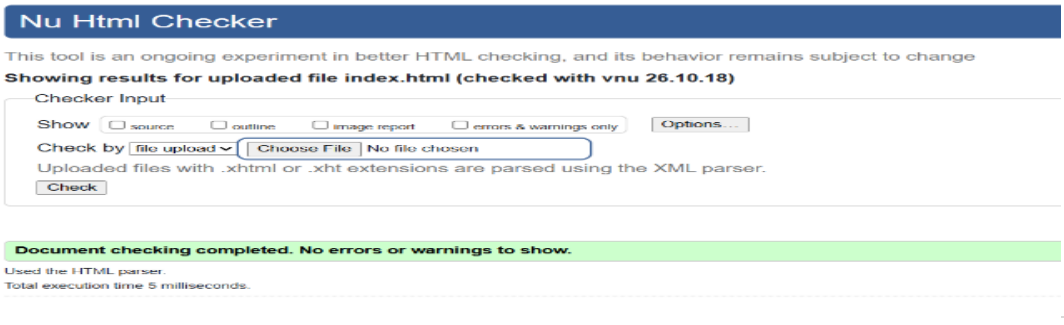

- **Deep Maroon & Burgundy (`#310C13`, `#641628`):** Used for heroes, footers, and banners to create a luxurious, premium, and intimate salon atmosphere.
- **Gold & Gold Gradients (`#D3A056`):** Applied to headings, active links, and call-to-action buttons to add elegance and catch the eye.
- **Warm Neutrals & Cream (`#FCF6E8`, `#F5E4D8`, `#FFFBF6`):** Used for background sections and form containers to keep the site light, breathable, and welcoming.
- **Text Colors:** High-contrast dark tones for light sections, and soft ivory/cream for dark sections to ensure readability.

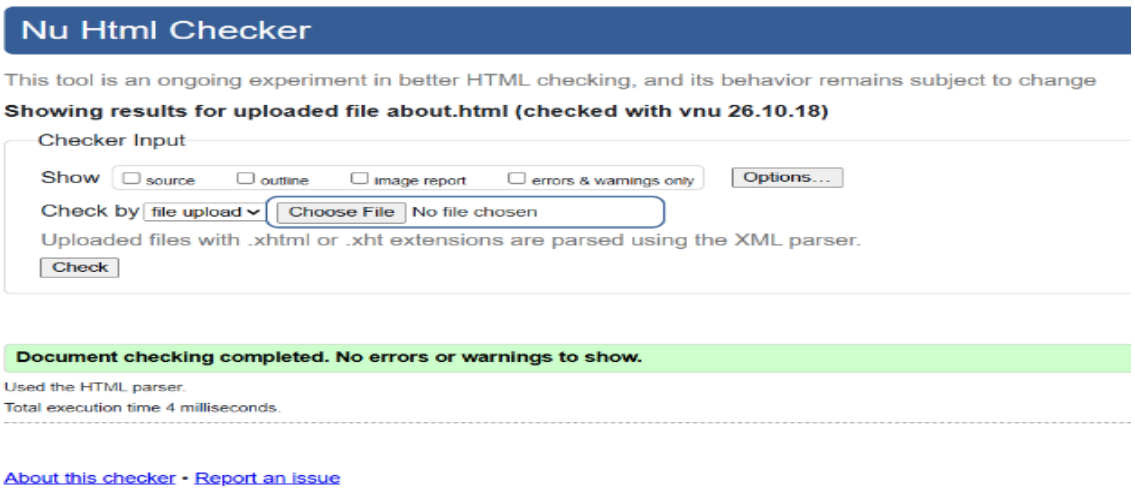

2. Typography

- **Serif Headings:** Used for titles and brand names to give an elegant, editorial, and high-end boutique feel.
- **Clean Sans-Serif Body Text:** Used for navigation, pricing tables, and forms to ensure readability across all devices.

HTML Validation

Nu Html Checker

This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change

Showing results for uploaded file about.html (checked with vnu 26.10.18)

Checker Input

Show ☐ source ☐ outline ☐ image report ☐ errors & warnings only Options…

Check by file upload Choose File No file chosen

Uploaded files with .xhtml or .xht extensions are parsed using the XML parser.

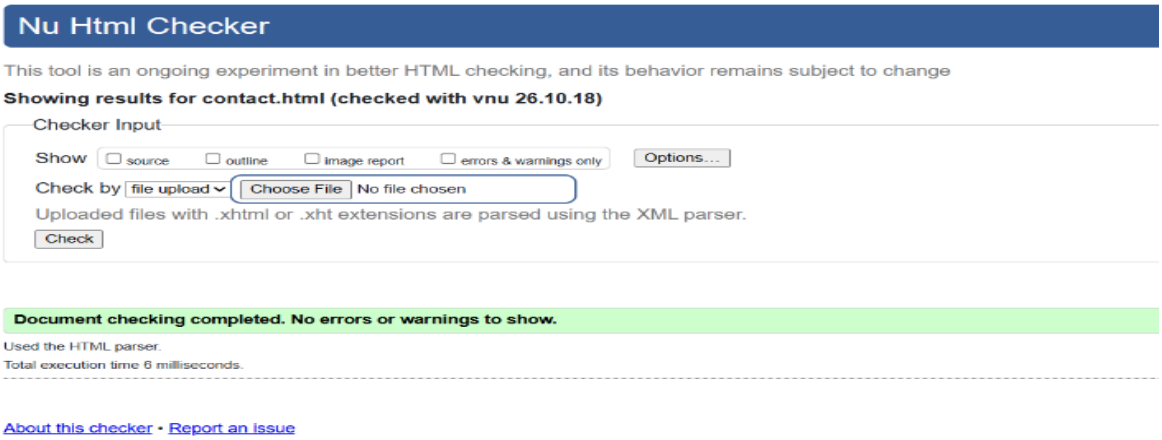

Check

Document checking completed. No errors or warnings to show.

Used the HTML parser.

Total execution time 4 milliseconds.
